ProTaper is the original taperwall handlebar and the choice of many off road, motocross, SX, Freestyle

ProTaper offers 2 different taperwall handlebars. The Contour line and the EVO line. Both bars are the r

## **Features**

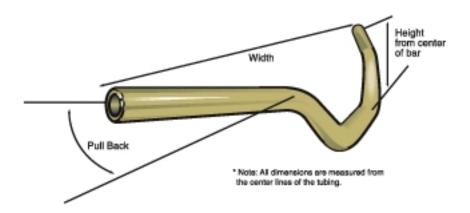

- Scratch and peel-proof "un-sticker" graphics
- ProTapers come 800mm wide with a full 200mm for controls
- knurled clutch side for secure grip hold
- 1/4" cut guides to accurately reduce bar width
- Includes new high-density molded pad a \$16.99 value!
- 19 bends and 4 colors available (Contour)
- 6 bends and 1 color (EVO)

Contour

The Pro Taper Contour handlebar is one of the strongest oversize 1-1/8" handle bars on the market. The Contour has several great features that make them a great choice for any off road, moto, dual spor

Bend Charts
Choosing a Bar Bend

Handlebars are a critical part of bike setup and everybody has different preferences. There are a few ba

- 1. Height of the rider (taller riders usually need taller bars or bar positions)
- 2. Type of riding (depending on where you ride woods, desert, moto etc. Woods riders tend to sit more a

## **Contour Bends**

The Contour bar is available in over16 different bends and 4 colors.
